Before you start

Before you start your application, you will need to know if you require planning approval or not.

If you are unsure if you require a permit, use the [PlanBuild Tasmania Enquiry Service](#) to lodge a request for advice from the relevant Council.

Once your application has been submitted the Council will review your application. If payment has not been made, you will be sent a request for the payment of application fees via PlanBuild Tasmania.

Once the fees have been paid and the Council is satisfied with the information provided, the application will be assessed and you will be notified of the outcome.

If further action is required to assess your application you will receive an email notification containing a task to complete.

Consent Information

Information

I advise that pursuant to Section 52 of the *Land Use Planning and Approvals Act 1993*, I grant my consent on behalf of the Council as the owner/administrator of the above land for you to make application to the Council for a planning permit for the development described above.

Please note that the granting of the consent is only for the making of the application and in no way should such consent be seen as prejudicing any decision the Council is required to make as the statutory planning authority.

This consent does not constitute an approval to undertake any works and does not authorise the owner, developer or their agents any right to enter or conduct works on any Council managed land whether subject to this consent or not.

If planning approval is granted by the planning authority, you will be required to seek approvals and permits from the Council as both landlord, land manager, or under other statutory powers (such as other legislation or Council By-Laws) that are not granted with the issue of a planning permit under a planning scheme. This includes the requirement for you to reapply for a permit to occupy a public space under the Council's Public Spaces By-Law if the proposal relates to such an area.

Accordingly, I encourage you to continue to engage with the Council about these potential requirements.

Signatory
